

Primrose Project

The Primrose Project is a social and therapeutic gardening project based at the Southwood Road allotment site next to the sports pavilion.

We provide a range of horticultural activities for up to 6 service users with special needs each day.

Monday to Friday. We are open to the public and warmly welcome any visitors who may wish to purchase vegetables or plants from our shop or just want to have a look around and meet the group.

Our shop is open weekdays from 9 am to 3 pm. Plants cost from 50p a pot, bedding plants £2 a tray of 9, vegetable plants £1.50 tray of 9.

We are always in need of volunteers who are a valued addition to our team. Volunteer packs can be picked up from the project or from Pepenbury in Cornford Lane, Pembury.

For any further information please contact Christine Gray 07979179967 or Judy Moulange 07979179991
