

Energy Deal

SWITCH together
to save £s on your bill

Could you be paying less for energy?

A third Collective Switching Scheme launched on 2 December by Tunbridge Wells Borough Council to help you to do just that.

The scheme offers an opportunity to save on gas and electricity bills, by harnessing the buyer power of a group of consumers and negotiating directly with energy suppliers for lower tariffs. The more households registering their interest in the scheme the more bargaining power we will have.

Anyone can take part (you don't have to live within the borough); all you need are a few details from your annual energy statement to complete your registration. You can register your interest in the scheme at NO COST and with NO OBLIGATION to switch your energy supplier.

It's as simple as that. You can sit back and see if you could save with collective switching.

Register your interest at www.energydealswitch.com by midnight 2 February 2015.

For customers without internet access support is provided over the phone on 01892 554635 or at the Tunbridge Wells Gateway.

The energy auction will take place on 3 February after which you will receive a personalised offer showing what you could be paying under the 'winning' tariff. Only then do you decide whether to take up the new energy deal.
